

PRODUCT REQUEST

Dear Walmart Manager,

I am very interested in purchasing Mabu Baby Eco-Diaper System. These are currently being sold in only a select number of Walmart stores.

Unfortunately, this Walmart is not one of the selected stores carrying Mabu Baby Eco-Diaper System.

I'd like to request that you carry the Mabu Baby Eco-Diaper System, so my friends and I can buy these at your store.

Please visit their website to get more information: mabubaby.com

The Mabu Baby Eco-Diaper System consists of the following.

1. Eco-Diaper is a waterproof high tech eco-diaper with a snap-in diaper pad holder.
2. Washable or Disposable Pads for use in the pad holder.
3. Bio-liners, which wrap around the washable pad
